January 2010 Newsletter

Our first Fly-in for 2010 (Happy New Year!) on the 16th January was another great success with a record attendance of 40 aircraft landing on runway 15 with just a pleasant light easterly breeze. As usual good airmanship by all resulted in a very orderly and safe arrival, taxi and park.

These monthly events seem to be getting better and bigger every time. We had 70 people visiting and 62 who relished the fine breakfast and, of course, the camaraderie.

There are always new and old faces to be seen and a remarkable range of aircraft types. With the beautiful scenery of the bay, ocean, beaches and the associated social aspects, fly-ins don't get better than this; so let's keep it up!

Note: David Wilson now has available the 2009 year book album of great aircraft photos (including your own) as well as this year's photo calendar. So please place your orders.
